

### Town of Malta Parks, Recreation and Human Services Statement on COVID-19

With the growing public health concern about the Coronavirus, we want to assure you that our main concern is the health and well-being of the Malta Community Center patrons, staff and their families.

Our staff will continue to monitor the situation daily and we have already increased the frequency of cleaning throughout the Malta Community Center. As stated by the CDC and local health departments, hand washing remains the most effective method of preventing the spread of germs. Hand sanitizer dispensers are mounted on the wall in the bathrooms and at our exits.

The Malta Community Center is taking the following measures to limit exposure to slow the progression of the virus:

- All open gym times will be restricted to 20 people
- The following classes have been cancelled:
